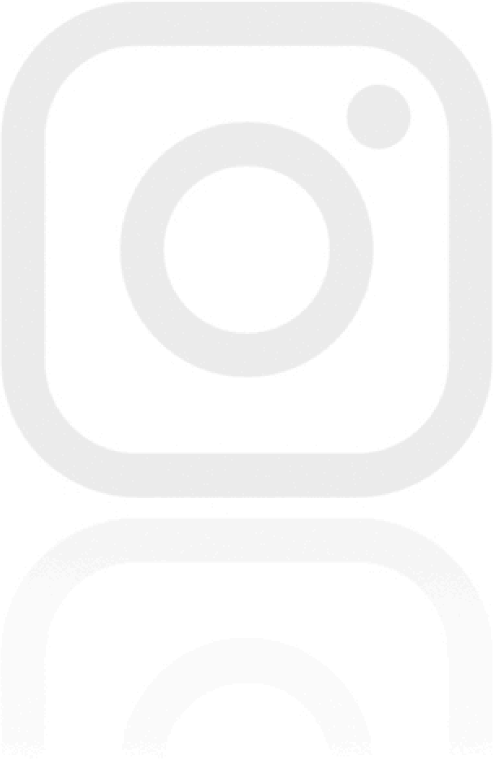
INSTAGRAM MARKETING

WORKBOOK



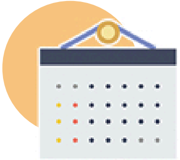
RESULTS BOOKLET

Welcome to the Instagram Marketing Results Booklet!

This powerful results booklet has been carefully designed to accompany you on your journey in creating a fully optimzed Instagram Page for you and your business! Using this booklet will help you take the general concepts and ideas taught inside the course and give you a space to apply them directly to your specific niche and needs, empowering you to learn specific action steps!

TIPS AND TRICKS

Follow along with the video lectures and use this guided booklet as you go through the course, following any prompts and taking time to make notes. This booklet is about applying these new strategies to YOU, so use this space to explore ways to do this.



Take a moment to schedule in the time to take the course and fill out this booklet. No need to hurry ahead! We have reminders through the lectures to help you out!

Remember that you are in control of how much you get out of this course and how impactful the content is for you and your niche!
Taking action and being consistent will put you far beyond your competitors and help you achieve the results you want!

BEFORE YOU START

To measure success and get the most out of this course, we need to set clear goals for ourselves. Take some time to write down what a strong and powerful instagram page looks like to you and your business.
Be as specific as you can, the more focused you are on the end goal, the easier it is to allocate your time effectively.
Use our questions as prompts, but use the free space on the next page to make notes of your own

What are the top three goals for your Instagram Page?

1

What are some of the biggest issues that you have run into in the past with your page?

2

What does a current successful page do differently to you on a day to day basis?

3

NOTES:

Don't stop there! Use this space to get really specific on your goals!

MODULE 2
